

Geography Learning Journey

What are insider and outsider perspectives of place?

What is a Geographical hazard?

Fieldwork

What are global systems?

How do we govern the 'Global Commons'?

YEAR 13

What are the principles of population ecology?

How do coasts function as natural systems?

YEAR 12

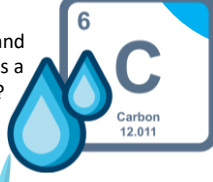

How are ecosystems interdependent?

How does the population interact with its population?

How are coasts managed?

How does water and carbon function as a natural system?

What are the positive and negatives of deforestation?

What impacts can flooding have on people, the economy and the environment?

What are food miles?

What challenges and opportunities does London present?

How does burning fossil fuels lead to global warming?

Cantley Fieldwork

Hornsea Fieldwork

YEAR 11

What strategies can we use to reduce the impacts of flooding?

What is the UK North-South divide?

What types of erosion impact on the UK?

Why does the UK experience coastal erosion?

What are the advantages of renewable energy versus non-renewable energy?

What are the different types of renewable and non-renewable energy?

Hornsea Fieldwork

Why do people migrate from LIC/NEE to HICs?

What causes flooding?

What role have people played in climate change?

What is continental drift?

YEAR 10

How can urban challenges be tackled sustainably?

Why do people migrate from rural to urban areas?

What social, economic and environmental opportunities does Lagos provide?

Why do we have hot deserts?

What is the Doorway to Hell?

YEAR 9

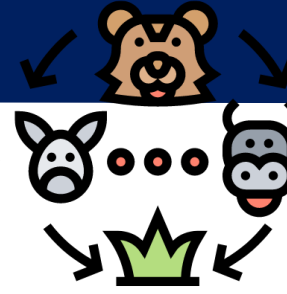

What impact is climate change having on the Maldives?

What is Antelope Canyon and what danger does it present?

Las Vegas – a city against the odds!

What is the Circle of Life?

How do food chains show that plants and animals rely on each other?

What and where are the world's biomes?

Why is rainfall so high in the rainforest?

Where are the world's hot deserts?

How does the sea interact with land?

What features can coastal erosion produce?

What impact have the West had on the politics of Afghanistan?

How has India used technology to enable its financial boom?

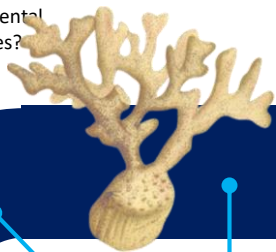

What is the geography of the Middle East?

What are the superpowers?

How has Russia used oil to regain its superpower status?

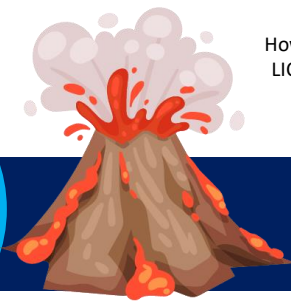

What are environmental refugees?

What is coral bleaching?

YEAR 8

How do HICs and LICs respond to eruptions?

Why do people live near volcanoes?

How does ice create a landscape?

What is Fairtrade?

What are blood diamonds?

What is dark tourism?

What is ethical geography?

Why is the UK experiencing more extreme weather events?

How do HICs and LICs respond to extreme weather events??

What would a journey to the centre of the earth look like?

How can we plan and prepare for eruptions?

What did the UK look like during the last ice age?

What is the geography of Africa?

Why is it important to challenge stereotypes?

How far does our food travel and what is the environmental impact of this journey?

How can insects solve world hunger problems?

How do HICs and LICs respond to extreme weather events??

What is extreme weather?

What are mapskills?

Where in the world are we?

YEAR 7

M.

'Geography is the subject which holds the key to our future.' MICHAEL PALIN
